Our Health Services Team is made up of Health Managers who are registered nurses, licensed vocational nurses, emergency medical technicians or emergency responders. They have emergency first aid certification or documentation. Health Managers are at Camp all week, 24 hours a day, to care for the campers and staff. They dispense OTC and prescription medication, treat minor illness and injury and refer patients to appropriate physicians when necessary.

A parent or guardian will be notified if a doctor or hospital visit is required, if the camper spends a night in the clinic or for any other medical reason deemed necessary by the Health Manager. In addition, a parent or guardian will be notified in the event of severe homesickness or for any other reason deemed necessary by the Camp Director.

Any medical expenses incurred at Camp for an illness or injury pre-existing before Camp will be the responsibility of the parent or guardian. We cannot be responsible for information that is not disclosed to us. Any other medical bills will be discussed with the parent or guardian on an individual basis.

In the event I cannot be reached in an emergency, I hereby give permission to the physician and health care facility selected by the Camp to secure and administer treatment, including hospitalization, for the person named in this document. I also attest that all information included in this form is correct and accurately reflects the health status of the camper to whom it pertains, so far as I know, and the person described has permission to engage in all Camp activities unless otherwise noted.
